on Prohibitions or Restrictions on the Use of Incendiary Weapons (Protocol III), 1/

Reaffirming its conviction that general agreement on the prohibition or restriction of use of specific conventional weapons would significantly reduce the suffering of civilian populations and of combatants,

Taking note with satisfaction of the report of the Secretary-General,

1. Notes with satisfaction that an increasing number of States have either signed, ratified, accepted or acceded to the Convention on Prohibitions or Restrictions on the Use of Certain Conventional Weapons Which May Be Deemed to Be Excessively Injurious or to Have Indiscriminate Effects, which was opened for signature in New York on 10 April 1981;

2. Also notes with satisfaction that, consequent upon the fulfilment of the conditions set out in article 5 of the Convention, the Convention and the three Protocols annexed thereto entered into force on 2 December 1983;

3. Urges all States that have not yet done so to exert their best endeavours to become parties to the Convention and the Protocols annexed thereto as early as possible, as well as successor States to take appropriate action, so as ultimately to obtain universality of adherence;

4. Stresses that, under article 8 of the Convention, conferences may be convened to consider amendments to the Convention or any of the annexed Protocols, to consider additional protocols relating to other categories of conventional weapons not covered by the existing annexed Protocols, or to review the scope and operation of the Convention and the Protocols annexed thereto and to consider any proposal for amendments to the Convention or to the existing Protocols and any proposals for additional protocols relating to other categories of conventional weapons not covered by the existing Protocols;

5. Notes, taking into account the nature of the Convention, the potential of the International Committee of the Red Cross to consider questions pursuant to the Convention;

6. Requests the Secretary-General as depositary of the Convention and its three annexed Protocols to inform the General Assembly from time to time of the state of adherence to the Convention and its Protocols;

7. Decides to include in the provisional agenda of its forty-eighth session the item entitled "Convention on Prohibitions or Restrictions on the Use of Certain Conventional Weapons Which May Be Deemed to Be Excessively Injurious or to Have Indiscriminate Effects".
